### **To the Specification**

**Please replace Page 66, lines 13-18 in the specification as follows:**

The longest single open reading frame in the cDNA in Figure 3 (SEQ ID NO:3) comprises a single open reading frame (ORF). The DNA sequence (CAAAATGGCA; SEQ ID NO:13) surrounding this ATG of the ORF is in good agreement with a *Drosophila* translation start site consensus sequence. Cavener *Nucl. Acid.
